Description

The new SPARROWHAWK 4500mm FPV Plane is available in stock now. This FPV plane is designed basing on the SPARROWHAWK 3m plane but improves some fuselage designs to make sure it can be fitted with the new 4500mm wings. Compare to the 3m SPARROWHAWK plane, it's not just a fuel plane, but also an electric plane. The plane can be driven by brushless motor or Gas engine.
